## IMPORTANT SAFEGUARDS

## IMPORTANT SAFEGUARDS

- Do not operate this lamp near a water source to avoid electric shock.
- Do not dismantle.
- Do not use with power supply other than 120V~60Hz.
- Do not operate lamp in close proximity to flammable or combustible vapors, such as aerosol spray, or where oxygen is being administered.
- Do not cut or shorten the power cord.
- Always unplug lamp before performing bulb installation, bulb replacement or maintenance.
- This product may cause interference with radios, cordless telephones or devices that use a wireless remote control, such as televisions. If interference occurs, move the product away from the device, plug the device or lamp in a different outlet or move the lamp out of the line of the remote control receiver.
- Unplug the lamp during lightning storms or when unused for extended period of time.
- All moisture should be properly wiped away and dried prior to use.
- Do not touch bulb when lamp is on or shortly after powering off. May cause burns.
- Dispose of bulbs per local regulations.

## MAINTENANCE

- Before cleaning, make sure lamp is powered off and unplugged. Allow sufficient time for the bulb to cool down.
- Periodically wipe the lamp with a soft damp cloth. Use a mild non-abrasive cleaner if needed.
- All liquid should be properly wiped away and dried prior to restoring power.
- Do not use solvents or abrasive cleaners.
